Re: 2018 University Press Scholarship Online Offer from Oxford University Press

Offer Summary

LYRASIS' offer from Oxford University Press for the ebook content at their [University Press Scholarship Online \(UPSO\)](#) site includes content they have loaded at the site from 2015-2017 and the forthcoming content that will be loaded in 2018. All participants will receive at least 25% off the list price. Once again, an additional 5% discount will be applied on all orders placed by December 15, 2017.

Content

The UPSO offer provides many flexible opportunities for purchasing content with perpetual access by year, subject, and publisher. One key point of which everyone should be aware is that the years of content at UPSO (i.e. 2015-2018) are not an exact match to the publication years of the titles. Oxford uploads new Oxford Scholarship Online content to UPSO on a monthly basis, and content from partner presses three times a year. The uploads generally contain content published in that same year, but a small amount of the content will be older. OUP reports that they add this older content in answer to requests by libraries for specific titles. Also, when a new partner press joins UPSO, the first upload of content from that press will contain all of the backlist volumes that the press wants to host at UPSO regardless of the year of publication. The subsequent uploads from that press will contain mostly content that is published in the current year. In recognition of the priority placed on new titles, OUP reduces the cost of older titles by 20% when they set the list price for each collection. All of LYRASIS' group discounts will be off that already reduced cost for the older titles in the 2015-2018 uploads.

License

LYRASIS has signed a [license agreement](#) with Oxford University Press. All libraries purchasing UPSO content through LYRASIS will be covered by the terms of this agreement. LYRASIS will be responsible for obtaining each institution's agreement to abide by the terms of this central license, which we will do as part of the routine ordering process. We recognize that legal offices at some institutions will require state-specific language, and we can facilitate amendments of this type to the central license when absolutely necessary. **If you have local requirements that necessitate a special amendment to the**

central license and believe that you will be making a purchase, please let me know as soon as possible so that we can reach resolution for each special circumstance.
